

Welcome to Charlie's Heating & Cooling

We are a family owned business specializing in the design, sale, installation, service, and maintenance of heating, air conditioning, home comfort systems, and indoor air quality.

Today, Charlie's Heating & Cooling's rich tradition is built on a reputation of pride, integrity, and a good value for the customer's dollar. For over 30 years, Charlie's Heating & Cooling has continuously met its customers' needs by implementing quality systems that will stand the test of time. Many of their systems that were installed years ago are still in operation today. Our focus is on the installation and service of new and replacement HVAC systems for residential and light commercial markets in the Randolph county area. We also offer zone control, humidifiers, and air cleaning and air purification systems. Over 4,000 new systems have been installed ranging in size from 1.5 to 10 tons. Natural gas, fuel oil, LP gas, geothermal and electric heat pumps are some of the types of heating systems that have been installed. Charlie's Heating & Cooling is a Trane Comfort Specialist dealer and also installs and services several other manufacturer's brands.

We have factory trained & NATE Certified technicians on call 24 hours a day to meet our customer needs.

Our Mission Statement

By constantly providing our employees with the very best training, resources, and products available, our team of successful professionals will continue to grow while providing the comfort, reliability, and ABSOLUTE satisfaction our customers deserve.

Chosen as the Courier-Tribune's Reader Choice Best for Heating & Air Service 4 years running.
